Discover the URSUS, the entry-level model from KITE OPTICS in the world of professional roof prism binoculars. Designed for everyday use, it incorporates the advanced KITE MHR treatment, ensuring excellent color balance as well as a bright and perfectly sharp image.

DESCRIPTION

GETTING OFF TO A GREAT START - URSUS

URSUS is the entry-level professional “roof prism” model from KITE OPTICS. It is a versatile, easy-to-use pair of binoculars designed for everyday use, backed by a 30-year warranty. The optical system benefits from the KITE MHR coating. A coating system that provides full coverage on the entire lens surface, as well as a highly reflective coating on the prisms. This results in excellent color balance, delivering a clear, sharp image and outstanding image definition.

- Thumb rest
- Rubber coating for maximum grip
- Removable metal eyecups with rubber coating
- KITE MHR coating
- Fully waterproof and nitrogen-filled
- Delivered with strap, case, and lens covers

FOR EVERY CHALLENGE

The KITE URSUS are fully waterproof thanks to the nitrogen they contain, eliminating any risk of condensation inside. Its chassis is completely covered with a robust rubber armor that provides optimal protection against shocks and bumps.

COMFORT DESIGN

The soft-touch rubber coating is designed to provide maximum grip in the right places. The instrument is ultra-light and well-balanced, making it very comfortable to hold, operate, and carry with you all day long. The short hinge allows your fingers to wrap around the barrel and use the instrument with one hand.

- Removable metal eyecups with 4 adjustment stages, rubber-coated for better comfort.
- Large adjustment wheel with grip for maximum hold and quick focus adjustment.
- Thumb rest with textured grip for optimized handling.
- Soft-touch rubber coating on the chassis with grip zones.

CONCEPT-TERRAIN

Preparation of your binoculars

Before each delivery, your binoculars undergo a **complete optical and mechanical check** by us — to guarantee you a perfectly adjusted instrument, ready to use from the first use.

To enhance your experience in the field, we add a selection of **essential accessories for free**:

- Attachment of the strap — **Smart-O'Strap**© system
- Attachment of the **comfort connector** for the eyepiece
- Attachment of our **anti-slip system** for the lens covers — an exclusive innovation
