The new Aurora BGA VHD binoculars offer performance, comfort, ergonomics, and attention to detail worthy of the best.

DESCRIPTION

Aurora BGA VHD 8x42 - Roof prisms

“Smaller, lighter, brighter, sharper,” the Aurora BGA VHD 8x42 takes the company’s design motto to an even higher level than the DBA VHD+. Designed on a new platform with a completely new optical system, the Aurora is, in our opinion, one of the best lightweight professional field binoculars available today.

With performance, comfort, ergonomics, and attention to detail equal to or better than comparable models, the Aurora BGA VHD 8x42 offers a wider field of view of 141 meters, a close focus of 1.9m, and a focusing range so broad that it will surprise and delight even the most critical eyes.

Features

- Compact and lightweight roof prism design
- Magnesium body with unique hinge and axis
- Textured rubber coating
- Nitrogen waterproof (5m depth)
- VHD optical system incorporating field flattening technology and high-quality ED glass objective lenses
- Phase-corrected prisms with Oasis prism coating

- Multi-layer S-H coating on all air/glass surfaces.
- Flat field vision
- Long eye relief for eyeglass wearers
- Retractable eyecups with 4 levels of rotation.
- Focus wheel with 500° rotation
- Close focus at 1.9m
- Central diopter adjustment
- Tripod adapter socket
- 100% Japanese manufacturing.

Supplied accessories

The Aurora BGA VHD binoculars come with a soft Cordura case, rain guard for the eyepieces, elastic neoprene strap, and rubber objective covers.

About us

Founded in the UK in 1970, Opticron is a family business with nearly fifty years of experience in consumer optics. During this time, we have met and exceeded the requirements of tens of thousands of both enthusiasts and casual users looking for a pair of binoculars, a spotting scope, or a high-quality and affordable accessory to accompany them in their pastime, hobby, or passion!

We continue to specialize in providing the best solution for all those who observe wildlife, regardless of their age, budget, or experience. Our goal is to provide the best quality and the most choice, at the best price, with customer service to match.

The company's motto "smaller, lighter, brighter, sharper" is the driving force behind the compact and lightweight equipment offered, designed to meet the varied demands of customers who actually use their equipment. We also strive to offer a wide range of models and model variants to ensure that everyone has the best-suited instrument for their needs.

With so many years of experience in the field, we embrace challenges and mishaps, and we know how to deal with them. Whether it's accidental damage or product failure, we have a team of dedicated technicians who diagnose and repair the equipment, whether it's replacing a broken eyecup or servicing your favorite binoculars.
