By electronically and mechanically canceling the "shakes" caused by your body's natural rhythm, the Imagic IS binoculars provide sharper images than non-stabilized models, allowing you to see more details with greater precision.

DESCRIPTION

Key features:

- Patented image stabilization technology
- 10x magnification as standard
- Fully multi-coated optical system
- Soft-touch textured rubber finish.
- Weather resistance IPX-5
- Rubber objective cover

The Imagic IS 10x30 image-stabilized monocular offers Opticron owners the unique opportunity to enjoy close-up views of flora, fauna, and other distant objects using a handheld image stabilization device. Supplied with a 10x interchangeable eyepiece.

Supplied with

- Soft vinyl case

- Integrated objective cover
- Neoprene monocular strap
- Adjustable wrist strap
- 2 CR2 3V batteries
