All Frontier models are equipped with HK Optics' H7 optical system, offering exceptional high-definition image quality, remarkable color reproduction, and phase-corrected treatment for optimal optical performance.

DESCRIPTION

All Frontier models are equipped with HK Optics' H7 optics, offering exceptional high-definition viewing with remarkable color reproduction and optimal phase correction.

The high-performance surface treatments and dielectric-coated prisms ensure the highest level of light transmission. The ED X models also benefit from extra-low dispersion (ED) glass for controlled chromatic aberration and the elimination of color fringing.

- Extra-low dispersion (ED) glass
- Dielectric mirror coating
- High-resolution BAK-4 roof prisms with phase correction
- Water-repellent coating on the lenses
- Magnesium alloy chassis
- Focus from 2.5 m
- Rotatable, replaceable eyecups with click stops
- Protection caps that stay in place

CONCEPT-TERRAIN

Preparation of your binoculars

Before each delivery, your binoculars undergo a **complete optical and mechanical check** by us — to guarantee you a perfectly adjusted instrument, ready to use from the first use.

To enhance your experience in the field, we also include a selection of **essential accessories for free:**

- Attachment of the strap — **Smart-O'Strap**© system
- Attachment of the **comfort connector** for the eyepiece cover
- Attachment of our **anti-slip system** for the objective covers — an exclusive innovation

TECHNICAL SPECIFICATIONS

Magnification	**10x**
Diameter	**32 mm**
Brightness	**3.2**
Field of view at 1000 meters	**108 m**
Minimum focus	**3.0 m**
Eyepiece relief	**15.0 mm**
Pupil distance (mm)	**56 to 74**
Height & width	**118x120 mm**
Weight	**540 g**
