The Opticron Aurora binoculars are among the best lightweight full-size binoculars on the market. They incorporate our premium VHD 42 mm wide-angle optical system.

DESCRIPTION

The Aurora BGA VHD binoculars are among the best lightweight full-size binoculars available on the market. They incorporate our premium VHD 42 mm wide-angle optical system, complemented by a rubber coating for added comfort and an alloy and rubber focus wheel for optimal handling, with or without gloves.

Designed to provide exceptional image clarity with a flat field of view, the Aurora BGA VHD 10x42 features such an extensive sharpness zone that it will surprise and delight even the most demanding observers.

Features

- Compact and lightweight roof prism design
- Single-axis magnesium body
- Soft-touch rubber coating
- Nitrogen-filled (5 m depth)
- VHD optical system with field flatness technology and high-quality ED glass objective lenses
- Phase-corrected prisms with Oasis coating

Rue du Perron 17

- S-H type multi-coating on all glass/air surfaces
- Generous eye relief for eyeglass wearers
- Retractable eyecups with 4 positions by rotation
- Wide-range focus wheel with smooth rotation over 500°
- Close focus at 1.9 m
- Adjustable central diopter
- Thread for tripod adapter

Included accessories

The Aurora BGA VHD binoculars come with a soft neoprene case, a rain guard for the eyepiece, a neoprene strap, and rubber objective caps.

CONCEPT-TERRAIN

Preparation of your binoculars

Before each delivery, your binoculars undergo a **complete optical and mechanical check** by us — to guarantee you a perfectly adjusted instrument, ready to use from the very first use.

To enhance your experience in the field, we add a selection of **essential accessories for free:**

- Attachment of the strap — **Smart-O'Strap**© system
- Attachment of the **comfort connector** for the rain guard
- Attachment of our **anti-slip system** for the objective covers — an exclusive innovation
