With its Noctivid Compact models, Leica presents a completely revamped range of binoculars. In the spirit of “Minimal dimension – maximum performance,” the engineers have developed a new generation of compact binoculars that set the standard in this category. Elegance, robustness, and optical excellence come together to create a companion that masterfully combines aesthetics, functionality, and the joy of observation.

DESCRIPTION

- Timeless and elegant Leica design
- Robust construction and shock-resistant rubber coating
- 25 mm objective with high-quality coating
- High-precision optics for bright and contrast-rich images
- Precise mechanics for smooth handling

Robust to meet all outdoor challenges

The black Leica Noctivid Compact 8x25 is the must-have choice for those who enjoy hiking, observing nature, and watching garden birds, while cherishing precision, robustness, and reliable performance – all

elements that this binocular guarantees in all circumstances. Thanks to the shock-resistant rubber coating that ensures a perfect grip, it is ideal for outdoor use where its optical excellence and intuitive handling express their full potential.

Clear details, in complete stability

The 8x magnification of the Leica Noctivid Compact 8x25 ensures the perfect balance: it brings distant details closer while the binoculars remain securely in hand to guarantee lasting observation comfort. Precise observations benefiting from a generous and comfortable field of view thanks to the moderate magnification, allowing you to quickly and effortlessly maintain visual control over the situation.

Brilliant, clear, and vibrant details

The 25 mm objectives of the Leica Noctivid Compact ensure clear, contrast-rich, and natural images, providing a bright and detail-rich visual experience. The combination of elaborate coatings and optical precision guarantees absolute color fidelity, as well as impressive sharpness, so that every subject – from nature to architecture – can easily and comfortably reveal itself.

To face all challenges

The black Leica Noctivid Compact 8x25 combines extreme resistance with remarkable precision. Its exterior coating with enhanced grip and shock resistance effectively protects it outdoors and provides a secure hold even in rain or cold weather. Ideal for those who appreciate hiking, observing nature, or watching garden birds and are looking for a high-performance, durable binocular designed for all adventures. High-quality accessories such as the particularly versatile Rope Straps can be easily attached thanks to the newly reinforced loops – for a personalized style and maximum comfort.

CONCEPT-TERRAIN
