Azimuth mount head AZ5 Deluxe

DESCRIPTION

Ideal, simple, and uncomplicated mount for immediate use, both for **visual astronomy** and for **daytime terrestrial observations**!

The azimuth mount head **AZ5 Deluxe** can be attached to any tripod equipped with a standard **3/8"** screw. Made of cast aluminum, it is designed to accommodate small telescopes up to **5 kg**, equipped with a **45 mm** dovetail, or other equipment using the optional L-bracket (sold separately).

The mount comes with **two flexible fine adjustment cables**, allowing smooth and precise control of **vertical and horizontal movements**.

Each axis can also be moved manually, allowing for quick **panning and elevation adjustments**.
