Item ref. (SKU)	35211

The Nature-Trek range uses our H2 optical system, integrated into a shock-resistant polycarbonate body, offering a robust and lightweight set.

DESCRIPTION

The Nature-Trek range uses our H2 optical system, integrated into a shock-resistant polycarbonate body, offering a robust and lightweight set. Its high-grip rubber coating ensures a secure hold, regardless of weather conditions.

The optics provide a sharp and precise image, with excellent natural color reproduction. The precise focus wheel allows for close focusing down to 5 meters.

- **Compact monocular design** – ideal for travel
- **Fully multi-coated optics** for sharp and precise images
- **Focus with diopter adjustment** – close focus from 5 m
- **High-resolution BAK-4 roof prisms**
- **Lightweight and robust housing** with rubber coating
- **Integrated objective lens covers** for optimal lens protection
- **Retractable click-stop eyecup** for precise adjustment of eye relief
