Exceptional optics providing sharp, clear, and bright images, thanks to optimized light transmission.

DESCRIPTION

The multi-coated lenses provide high-resolution images, allowing you to miss no detail, even during close-range observations, up to 5 meters.

The focus is smooth and intuitive, while the excellent depth of field makes these binoculars quick and easy to use. Waterproof and fog-proof, they feature a high-grip rubber coating that ensures a secure hold. Designed to withstand the most demanding conditions, the Endurance binoculars are perfectly suited for outdoor use.

- **Extra-low dispersion (ED) glass**
- **Phase correction**
- **High-resolution BAK-4 roof prisms with phase correction**
- **Focus from 5 m**
- **Click-stop eyecups** for precise adjustment of the eye relief
- **Integrated objective lens covers** for optimal lens protection
