Padded, multi-layer waterproof case that provides effective protection for the instrument during storage, transport, and use on a tripod.

DESCRIPTION

Padded, multi-layer waterproof case, specially designed for the Opticron MM4 62/45 spotting scope. It effectively protects the instrument during storage, transport, and use on a tripod.

Features

- Waterproof, padded green case, custom-made for the MM4 62 angled models
- Protection of the spotting scope when mounted on a tripod and in use
- Folding flap allowing clear access to the focus wheel
- Zippered prism compartment facilitating eyepiece changes
- Removable ends that can be folded back onto the body of the case
- Adjustable neoprene shoulder strap with pad

Included accessories: case and shoulder strap.
